An instinct for growth™

CIPA implements OBRS

3 May 2019

Good morning

Please be informed that from **2 - 31 May 2019**, Companies and Intellectual Property Authority (CIPA) will not accept / capture company name reservations. CIPA will resume acceptance of name reservations on **3 June 2019** via the Online Business Registration System (OBRS).

All companies (new and existing) are compulsorily required to reregister their companies via the OBRS system. A detailed note regarding the process and timing of reregistration will be shared with all our clients in the coming weeks.

Best regards,
Grant Thornton
