

BURS e-services registration

Tax Alert issue 2, 2018

BURS had requested all tax payers to register for e-services and access their tax information online. With e-services, all tax payers have access to their online account and can perform the following:

- Complete and submit company tax, withholding tax and VAT returns
- View and print tax assessments, tax compliance reports and all statements for income tax, withholding tax and VAT
- Apply for tax clearance
- Apply for deregistration

BURS no longer accepts requests to print tax assessments, tax compliance report, and tax and VAT statements over the counter. Therefore, all tax payers are advised to register for BURS e-services and activate their online tax account with BURS.

Grant Thornton's Tax team can assist with e-services registration. For further information contact Rajesh Narasimhan, Tax Partner on rajesh.narasimhan@bw.gt.com.

Best regards,
Grant Thornton
